BUMPER BASICS

PURPOSE

To ensure the integrity of our equipment, we ask for all guests' understanding of our Bumper Basics.

Our basics were established with intentional thought based on years of experience.

THE BASICS

Must be 50" in height (4' 2") or shorter.

Must use a bowling ball that weighs 10 pounds or less.

We reserve the right to request proof of age and/or measure height using the standard process and gauge used for all guests requesting bumpers.

THANK YOU FOR UNDERSTANDING

STRIKERS
